Assignment 1—Group:

Chen Chen (123123123), Dania(123123123), Joyce(123123123)

2nd September 2018

Abstract

Abstract text goes here, justified and in italics. The abstract would normally be one paragraph long.

Contents

1 Introduction

This template should be used as a starting point for your report.

2 Methods

12312323 Lee and Seung [2001] Guan et al. [2012]

3 Experiments

123

4 Conclusion

Your conclusion goes at the end, followed by References, which must follow the Vancouver Style (see: www.icmje.org/index.html). References begin below with a header that is centered. Only the first word of an article title is capitalized in the References.

A Appendix
